John Bull to his Brethren.

SHALL we truſt to TOM the STAY-MAKER, and his bungling *French* Journeymen, to amend our Conſtitution, who in Four Years have not been able to botch up their own?

Shall Slaves juſt broke looſe from the Bonds of Arbitrary Power, and now running wild with Savage Ferocity, be called in as Reformers of our mild and equitable Government?

Shall we commit our Property, Liberties, and Religion, to thoſe who have robbed their own Church, murdered their Clergy, and denied their GOD?
